IM-16C

THE OFFICE-FRIENDLY LETTER OPENER

Efficient processing of your incoming mail

WE VALUE YOUR MAIL

IM-16C

THE OFFICE-FRIENDLY LETTER OPENER

Is your company operating with limited resources and a need to increase efficiencies? Turn to the Neopost IM-16C Letter Opener and maximize office productivity by distributing incoming mail faster throughout your organization. Whether processing checks, orders, remittance pieces or daily incoming mail, the IM-16C opens various envelope types, saves time, leaves no waste, and protects valuable contents.

While conventional letter openers can easily damage contents, the IM-16C uses an innovative method to neatly slit one side of the envelope, leaving no sharp borders. This means the contents are left undamaged and ensures safe handling.

With the IM-16C, cash flow is improved as incoming payments get processed quicker. At the same time, orders are processed immediately to help improve customer satisfaction and enhance your business image.

The result is your company benefits from quicker and improved incoming document processing and the opportunity to give staff extra time to concentrate on more important work. Companies need to find ways to stay competitive, and the Neopost IM-16C gives you that added productivity.

MAJOR BENEFITS

Ease of Use – Count incoming mail as you receive and process it. Load your envelopes, press the go button and remove your opened mail at the other side. It's that simple.

Productivity – Quickly open mixed mail with speeds up to 300 envelopes per minute – without pre-sorting or envelope scraps.

Versatility – Open a range of envelope sizes from No. 10's to flats.

Security – Experience no damaged documents, and safe extraction of contents with no sharp edges.
